Airbnb Cleaning Services

Airbnb cleaning services refer to professional cleaning services hired by Airbnb hosts (or other short-term rental hosts) to prepare a property for the next guest after one checks out. These are also commonly called turnover cleanings, vacation rental cleanings, or short-term rental cleanings.

- **Typical tasks included** (varies by cleaner/property, but a standard checklist often covers):

- Changing and washing all linens (sheets, towels, etc.)
- Making beds
- Vacuuming, sweeping, and mopping floors
- Dusting and wiping all surfaces
- Deep cleaning and sanitizing bathrooms and kitchens (including appliances, sinks, toilets)
- Disinfecting high-touch areas (doorknobs, light switches, remotes)
- Taking out trash and recycling
- Restocking essentials (toilet paper, soap, shampoo, coffee, etc.)
- Checking for damage or lost items and reporting issues
- Sometimes minor staging to make the space look inviting

New Home Cleaning Services

A new home cleaning service is a professional deep-cleaning package designed specifically to prepare a residence for immediate occupancy.

- Professional teams follow detailed checklists to cover every area systematically. Common tasks include:
 - **Kitchen** â?? Deep cleaning inside and outside cabinets, drawers, pantry; scrubbing appliances (oven, microwave, fridge exteriorsâ??sometimes interiors as add-ons); disinfecting countertops, sinks, faucets; cleaning range hoods and tile grout.
 - **Bathrooms** â?? Thorough sanitization of toilets, showers, tubs, sinks, mirrors; scrubbing grout and tiles; cleaning exhaust fans and fixtures.
 - **Floors** â?? Vacuuming carpets/rugs; sweeping and mopping hard surfaces; sometimes shampooing carpets if needed.
 - **Surfaces & Details** â?? Dusting/wiping baseboards, doors, frames, light fixtures, switches, outlets, window sills; cleaning ceiling fans and vents (basic level).
 - **General** â?? Removing construction dust or leftover debris; wiping walls/ceilings where accessible; emptying any trash left behind; disinfecting high-touch areas.

Landscaping Cleaning Services

A Landscaping Cleaning Service (often called yard cleanup, seasonal cleanup, or landscape detail maintenance) is a specialized outdoor service that focuses on restoring, refreshing, and maintaining the cleanliness and health of lawns, gardens, plant beds, and overall property exteriors.

- **Debris Removal** â?? Raking and collecting fallen leaves, twigs, branches, pine needles, dead plants, trash, and general yard waste. Everything gets bagged or loaded for haul-away so nothing is left behind.
- **Lawn and Bed Cleanup** â?? Blowing clippings off hard surfaces, clearing thatch or old mulch from beds, and removing winter-killed plant material.
- **Pruning and Trimming** â?? Cutting back perennials, ornamental grasses, and dead/diseased parts of shrubs and small trees. Shaping for neat appearance and healthier regrowth.
- **Weed Control** â?? Hand-pulling weeds from beds, lawns, and cracks, plus applying preventative treatments in some packages.
- **Edging and Bed Refresh** â?? Creating crisp edges along walkways, driveways, and beds; often includes fresh **mulch installation** to suppress weeds, retain moisture, and give a polished look.
- **Finishing Touches** â?? Final mowing, trimming, edging, and blowing to leave the property spotless.

Driveway Cleaning Services

A Driveway Cleaning Service is a professional exterior maintenance solution that restores the appearance, safety, and longevity of your driveway.

- Professional services usually cover:
 - Thorough removal of surface dirt, dust, and loose debris
 - Elimination of stubborn stains (oil, grease, rust, battery acid, gum, or tree sap)
 - Treatment and removal of black/green algae, moss, and mildew growth
 - Cleaning of cracks and edges (often with specialized tools)
 - Brightening and restoring the original color of the surface
 - Optional add-ons like concrete sealing, joint sand replenishment (for pavers), or protective treatments to repel future stains and water

Junk Removal Services

Junk removal services provide a convenient, professional solution for clearing out unwanted items from homes, offices, construction sites, and other spaces. Instead of struggling with heavy lifting, renting a dumpster, or figuring out local disposal rules, customers hire experts who handle everything from sorting to hauling and responsible disposal.

These businesses remove a wide variety of items, including:

- **Furniture** â?? Old sofas, beds, tables, and mattresses.
- **Appliances** â?? Refrigerators, washers, dryers, and TVs (including e-waste).
- **Yard waste** â?? Branches, leaves, and grass clippings.
- **Construction debris** â?? Renovation materials, drywall, and lumber.
- **General clutter** â?? Garage cleanouts, basement junk, estate cleanouts, and hoarding situations.
- **Other** â?? Electronics, tires (in some cases), and office equipment.

Yard Work

Yard work service, also commonly known as **yard maintenance**, **lawn care service**, or **landscape maintenance**, involves professional help to keep outdoor spaces tidy, healthy, and visually appealing. These services focus on routine upkeep of lawns, gardens, flower beds, and surrounding areas rather than major redesigns (which fall under full landscaping).

- **Lawn Mowing and Trimming:** Cutting grass to the ideal height, followed by string trimming (weed whacking) around edges, trees, and obstacles.
- **Edging:** Creating clean lines along sidewalks, driveways, flower beds, and lawns for a polished look.
- **Weeding and Bed Maintenance:** Removing unwanted plants from lawns and garden beds, then refreshing mulch to suppress future weeds and retain moisture.
- **Leaf and Debris Cleanup:** Raking or blowing away leaves, clippings, branches, and other yard waste — especially important in spring and fall cleanups.
- **Pruning and Hedge Trimming:** Shaping shrubs, bushes, and small trees to promote growth and improve appearance.
- **Blowing and Cleanup:** Clearing clippings, dust, and debris from hard surfaces like patios, walkways, and driveways.
